

**B.S. in Nursing
Degree Map
Introduction**

Degree Requirements

Transferred AAS Nursing Credits	30 to 45
General Education	30
<i>Required Core</i>	<i>12</i>
<i>Flexible Core</i>	<i>18</i>
Required Courses	36
<i>Nursing Courses</i>	<i>27</i>
<i>Non-nursing courses</i>	<i>9</i>
Free Electives	18 to 33
Total	120

The requirements above lists the credits in each of the categories. Students transfer 60 credits or more to CUNY SPS from their A.A.S. in Nursing, up to 45 of which are nursing specific courses and the remaining a combination of General Education and electives.

Notes:

- The number of free elective credits a student will be required to take at CUNY SPS will be dependent on the credits transferred from their A.A.S. programs.
- The number of free General Education credit a student will be required to take at CUNY SPS will be dependent on the credits transferred from their A.A.S. program.
- Students who transfer a course that is an equivalent for any part of the curriculum will not be required to repeat the course.
- Students who take a course at CUNY SPS (or transfers a course) that satisfies both a Nursing requirement and General Education requirement will have additional credits added to the required free electives.
